PROFILE

Art director & creative producer with a background in advertising, social media management, and sports car manufacturing. I'm a huge car guy, whether it's driving or working on them. I graduated from BYU's AdLab, where I learned to adapt my creative skills to real-world usefulness, so that I can keep the lights on and feed my family.

EXPERIENCE

Social Media Manager & Ad Buyer, Viper Scale Racing — 2023 - 2025

- Created shorts/reels & long videos to engage existing customers & expand reach
- Ad buyer for two businesses on Meta & Google ads - tracked growth, managed audience optimization & targeting, wrote copy for ads
- Videographer for business YouTube channels. Created content using Adobe Premiere Pro, Photoshop, & Lightroom
- Graphic design work for events and products using Adobe Illustrator
- Tracked YouTube channel growth & increased viewer retention

Advertising Intern, Fuel Marketing — 2024

- Worked with a team of marketing professionals to produce ads and digital media for clients nationwide.
- Edited raw photo & video content for client ads using Adobe suite
- Used professional equipment to shoot photo & video for new clients
- Copywriter for social media & created content calendars for multiple client accounts

Vintage Vehicle Restorations, Specter Design — 2021 - 2023

- Restored, refurbished, and manufactured vintage vehicles, sport cars, trucks, tractors, & more in a boutique automotive-focused design studio
- Consulted directly with clients to foster trust & satisfaction in a tactful manner
- Studied metal shaping, welding, and fabrication under master craftsman
- Restored interiors, body work, paint, mechanical components, & more to preserve classic Porsches, Mercedes, BMWs, etc.
